- SECRETARY

WORKING TOGETHER FOR  
A CHANGING TOMORROW

'WORKING TOGETHER FOR A CHANGING TOMORROW'

Todd Riedl and Jennifer poulton have confidence that the students of Douglas College will be provided with the support and dedication required to successfully participate on the Douglas College Student Society.

OUR MAIN CONCERNS INCLUDE:

1. SOCIAL EVENTS: Like an Education, social events benefit you & us, but are also fundraisers; an event that is necessary due to cutbacks. On a probationary term, we will fight together to bring back Pub Nights! Let's give it a try!
2. C.F.S.: As a unifying body, it is pertinent that Douglas College stay within this organization. There is definite strength in numbers and this has been shown by the lobbying that C.F.S. has provided by obtaining the 95,000 student jobs urgently needed for the summer of 1985.
3. EDUCATION: A complete Education should be free from government intervention that obstructs true education. Let us help you, the students, break away from the restraint program and continue the quality Education you deserve.
4. UNITY: Together we will work to unify the students from Adult Basic Education to University Transfer. As a community College, Douglas strives to educate all members of the surrounding districts. To make this education complete, we will work together to make all students of Douglas informed and aware of all activities and monetary distribution.

APRIL 3rd AND 4th IS YOUR OPPORTUNITY TO SHOW YOUR CONFIDENCE IN THE CANDIDATES OF YOUR CHOICE.....

TODD RIEDL AND JENNIFER POULTON
